

BOQ –Buyer and seller

Introduction

- It was observed that number of Buyers across Ministries have requirement to Publish larger number of items involving detailed Price breakup. Bunching method though available would be troublesome and time consuming for the Buyer.
- To cater to larger contracts including EPC based structured contracts, BOQ based bidding has become the need of the hour.

Purpose and objective

- BOQ based bidding has been introduced to enable Buyer to analyze Item wise Price breakup in a larger contract/project.
- Primary useful for EPC kind of Jobs and other turnkey job where the Supply of line items to be procured are more however Total value wise Evaluation is required and the Job is to be ordered to One Seller (L1 -overall).
- This application shall be useful for both Product & Services. Many different type of services related to a Project /Job can be clubbed together.

Background and present scenerio -

□Earlier Scenario-

- 1.While bunch bidding is indeed available for the Buyer(s) for Multiple products to be combined together , Excel Upload of BOM/BOQ (Bill of material/quantity) makes it more easy to use and maintain.
- 2.In Turkey Jobs where line items can exceed 50,100 or even 500 , bunching of such many line items could be difficult for a Buyer as each time he/she has to select the catalog which has to be present or may not be available.
- 3. Also category needs to be made available for each and every item if not present , to add is process could be time consuming.

□Present Scenario-

- 1.The use of Excel uploading is user friendly where the details of Products like model,make,HSN code,GST % appears under one roof (('The BOQ Sheet')
- 2.In Turkey Jobs where line items can exceed 50,100 or even more this excel feature is simple and easy to manage for both Buyers and Seller/Bidders.
- 3.Items can be incorporated in the excel format irrespective of the item being registered under a category by Buyer or Seller having not uploaded the catalog

Value addition -

- 1. Easy to use/upload/download extensive line items along with their price break up (GST%)/make/model/HSN code details for both Buyer/Seller.
- 2. Benefit of price break up shall help Buyer to monitor price hike for the same project. Tapping the escalations shall over all help maintain check on individual prices where the Quantity changes are foreseen. Price reduction and over all controlling the Project cost shall be advantageous with this feature deployed.
- 3. Result shall also be seen in reduction of human effort and ease of operation in Engineering driven Projects including services.
- 4. GeM could be able to bring in more Buyer usage owing to this feature and generally the Cost involved value wise shall benefit its business as well as increasing the number of buyer participation in Tender Publishing. Result more Revenue for Gem so also the goodwill.

BOQ Based Bidding

Parameters are now mandatory Bid requirement: Buyers can now choose both Golden and Non-Golden Parameters for defining the Bid Requirements. Suppose a non-golden parameter as a mandatory specification for their Bids.

Choose BOQ based bid

It is also to be noted that the values of the reference product are no longer part of the bid and only allowed values will be part of bid. For Golden parameters, by default GeM would incorporate all values that are better than the reference product's values in the bid. Buyer can select and allow any more values that he feels appropriate so that the bid is as generic as possible to attract maximum competition. Similarly for Buyer chosen non-golden parameters also, reference product's value and better values would be allowed by default and Buyer can add more values of his choice.

Sellers would now need to mandatorily comply with complete Bid specifications to proceed with Bid participation. Since bidders will now be pre-filtered and allowed to offer only those products which are matching with allowed values of Golden as well as Non-Golden parameters (Buyer selected), there would now be no need for Buyer's to check or reject any bid on the ground of specification mis-match as far as GeM catalogues are concerned."

Advisory:

1) For BoQ item, please look at the specification and supporting document uploaded by seller for technical evaluation purposes and proceed accordingly.

Seller Undertaking: 1) I have read the clause regarding restrictions on procurement from a bidder of a country which shares a land border with India; I certify that this Seller / Service Provider / Bidder is not from such a country or if it is from such a country, it has been registered with the Competent Authority and the evidence of valid registration by the Competent Authority will be submitted to the Buyer on demand. I hereby certify that this Seller / Service Provider / Bidder fulfills all requirements in this regard and is eligible to be considered for procurement on GeM. I understand that any false declaration and non-compliance of this would be a ground for immediate termination of the contract and further legal action in accordance with the laws.

2) I hereby undertake not to withdraw or modify or impair or derogate from the bid in any respect within the period of validity of this bid. I undertake that the information / documents furnished in this bid are not false, misleading or forged. I also undertake to furnish requisite performance security / PBG within stipulated time required as per GeM bid / RA conditions. I understand that GeM has the right to debar me from GeM portal as per GeM GTC and GeM Incident Management Policy for violation of this declaration / undertaking.

1	KYOCERA DOCUMENT SOLUTIONS INDIA PRIVATE LIMITED 		-	05-04-2021 20:31:35	Qualified 	View Documents & Seek Clarifications	Verify Specifications 

Please Note:

- 1) Verify all the products offered, technically evaluate the product specification offered by the seller to open financial Bid.
- 2) Please verify genuineness of any EMD receipt uploaded offline.
- 3) Buyers should disqualify any Sellers submitting incorrect MSE certificates or EMD Exemption document with respect to the Bid and may raise incidents for disablement of the Sellers furnishing wrong information.
- 4) As per para 7.3.5 on (Clarification of Bids/Shortfall Documents) of the Manual for Procurement of Goods 2017, issued by Ministry of Finance, Department of Expenditure, During evaluation and comparison of bids, the purchaser may, at his discretion, ask the bidder for clarifications on the bid. The request for clarification shall be given asking the tenderer to respond by a specified date. If the tenderer does not comply or respond by the date, his tender will be liable to be rejected. Depending on the outcome, such tenders are to be ignored or considered further. No change in prices or substance of the bid shall be sought, offered or permitted. No post bid clarification at the initiative of the bidder shall be entertained. The shortfall information / documents should be sought only in case of historical documents which pre-existed at the time of the tender opening and which have not undergone change since then. So far as the submission of documents is concerned with regard to qualification criteria, after submission of the tender, only related shortfall documents should be asked for and considered. For example, if the bidder has submitted a supply order without its completion / performance certificate, the certificate can be asked for and considered. However, no new supply order should be asked for so as to qualify the bidder.

Advisory: Buyer should upload Competent Authority Approval as this Bid/RA has received participations from less than 3 sellers and 2 OEM/Brands.

CVC Guidelines

- (i) As post tender negotiations could often be a necessary part of the procurement process, except in certain exceptional situations. Such exceptional situations would include, for example, where there is suspicion of a cartel formation. The justification and details of such negotiations should be recorded.
- (ii) In cases where a decision is taken to do so, the requirement would delay the availability of the goods or services. The balance quantity should, however, be procured expeditiously through a re-tender following the normal tendering process.
- (iii) Negotiations should not be allowed to be misused as a tool for bargaining with L-1 with dubious intentions or lead to delays in decision-making. Convincing reasons must be recorded by the authority recommending negotiations. Competent authority should exercise due diligence while accepting a tender or ordering negotiations or calling for a re-tender.
- (iv) Counter-offers to L-1, in order to arrive at an acceptable price, shall amount to negotiations. However, any counter-offer thereafter to L-2, L-3, etc., (at the rates accepted by L-1) in case of splitting of quantities, as pre-disclosed in the tender, shall not be deemed to be a negotiation.

Reason For Negotiation :*

CVC Guidelines not applicable and Proposed Negotiation is governed by the Rules / Guidelines applicable to Buyer Organization.

[Download undertaking certificate](#)

Upload Competent Authority's Approval (Annexure-1): *

GeM-Bidding-2084409 BID DOCUMENT.pdf

☒ I confirm the reason for negotiation as selected above and confirm that the Buyer is solely responsible for compliance of CVC guidelines and / or procurement Guidelines of Buying Organization and has secured approval of competent authority for negotiation after apprising the Competent Authority about CVC guidelines.
