

BULK PAYMENT UPDATE

Buyers will get three options on their login portal to update bulk payments –

- 1) BULK PAYMENT UPDATE – CRAC ISSUED
- 2) BULK PAYMENT UPDATE – ONLY INVOICE ISSUED
- 3) BULK PAYMENT UPDATE – INVOICE NOT ISSUED

- **BULK PAYMENT UPDATE – CRAC ISSUED**

1. Shipments where CRAC is done but the bills are yet to be closed on GEM portal with no initiated payments and the order confirmation date is before 01-04-2020 are eligible for Bulk Update of Bills functionality.
2. Download the report of eligible shipments for bulk update by clicking on the Download File button.
3. Click on the downloaded CSV file and in the separator options, click on Separated by radio button along with the Comma checkbox
4. Remove the records from the file, which you don't want to be marked as closed and upload the file.
5. Do not modify the header names in the file.
6. Do not modify the values of any other column other than Payable Amount and Deduction
7. Ensure the sum of Payable Amount and Deduction is equal to CRAC Amount
8. Deduction amount should not exceed 20% of CRAC Amount
9. Any bill uploaded via this functionality cannot be re-processed. If there is any existing bill which is not yet processed, it would be overwritten by the system generated bill and will be dosed with the current stage as Bill closed upon user confirmation.
10. The buyer need to input the following fields for processing the records -
 - a. Payable Amount (Column P Enter amount should be equal to CRAC Amount (Column "M) - Deduction (Column "o")
 - b. Deduction (Column 'Q) Deduction amount should not exceed 20% of CRAC Amount (Column "M")
 - c. Payment Date (Column "R): User needs to enter the date on which he has made the payment to the seller and to be input in the yyyyymmdd format. Por eg if the Payment Date was 12th January 2021, then enter the date in the following format 20210112.

Screenshot – Where buyer get the option to update bulk payment.

The screenshot displays the GeM (Government e Marketplace) dashboard. At the top, there is a header with the GeM logo, navigation links (Dashboard, Market, Forward Auction, Bids, Purchase Requisitions), and a user profile (Hemant Sharma). Below the header is a search bar and a shopping cart icon. The main content area features a 'NOTIFICATIONS' section with a '+', followed by a navigation bar with links: MY DASHBOARD, PRODUCT ORDERS, SERVICE ORDERS, ALL DEMANDS, BILLS, BULK PAYMENT UPDATE, INCIDENTS, and ALL CARTS. A dropdown menu is open under 'BULK PAYMENT UPDATE', showing three options: 'BULK PAYMENT UPDATE - CRAC ISSUED', 'BULK PAYMENT UPDATE - ONLY INVOICE ISSUED', and 'BULK PAYMENT UPDATE - INVOICE NOT ISSUED'. Below the navigation bar, there are two summary cards: 'Number of People/Posts' with a value of 6, and 'Number of Divisions' with a value of 1. At the bottom, there are three tables: 'ALL DEMANDS', 'PRODUCT ORDERS', and 'SERVICE ORDERS'. The 'ALL DEMANDS' table shows 46 Direct Purchase, 2 Bids, and 48 Total Demands. The 'PRODUCT ORDERS' table shows 73 Direct Purchase, 0 Bids, and 0 RA. The 'SERVICE ORDERS' table shows 0 Direct Purchase, 0 Bids, and 0 RA. A 'Stop sharing' button is visible in the bottom right corner.

- **BULK PAYMENT UPDATE – ONLY INVOICE ISSUED**

1. This is applicable for orders created in the previous FY, ie before 1st April 2020
2. This is applicable for shipments where the seller has generated the invoice and consignees may or may not have processed PRC & CRAC
3. To download the file of eligible shipments for bulk update, click on the Download File button
4. Remove the records from the file, which are not required to be updated/closed
5. Do not modify the header names in the file.
6. Deduction amount should not exceed 20% of the invoice amount.
7. Entered Payable and Deduction amount should not be decimals
8. Any bill uploaded via this functionality cannot be re-processed. If there is any existing bill which is not yet processed it would be overwritten by the system generated bill and will be closed with the current stage as Bill closed upon user confirmation.
9. The buyer needs to input the following fields for processing the records –
 - a. PRC Date (Column O): This needs to be input in the yyyyymmdd format. For eg. if the PRC date was 12th January 2021, then please enter the date in the following format 20210112
 - b. CRAC Date (Column Q): This needs to be input in the yyyyymmdd format. For eg. if the CRAC date was 12th January 2021, then please enter the date in the following format 20210112
 - c. PRC Quantity (Column 'P'): User needs to enter the received quantity of the products at the time of PRC and it should be equal to or less than the Invoiced quantity (Column 'L')
 - d. CRAC Quantity (Column 'R'): User needs to enter the accepted quantity at the time of CRAC and it should be equal to or less than the PRC quantity (Column 'P')
 - e. Freight Charges (Column T); User can update the freight charges entered by the seller at invoicing
 - f. Total Amount (Column 'U'): Entered amount should equal to CRAC Quantity (Column 'R') * Unit Price (Column 'S')
 - g. Deduction (Column V): Deduction amount should not exceed 20% of the Total Amount (Column 'U')
 - h. Net Payable Amount (Column 'W'): User needs to enter the value of Net Payable Amount (Column 'W') = Total Amount (Column 'U') + Freight Charges (Column T) - Deduction (Column V)
 - i. Payment Date (Column 'X'): User needs to enter the date on which he has made the payment to the seller and to be input in the yyyyymmdd format. For eg. If the Payment Date was 12th January 2021, then enter the date in the following format 20210112

- **BULK PAYMENT UPDATE – INVOICE NOT ISSUED**

1. This is applicable for orders created in the previous FY, ie before 1st April 2020
